Dear Visitor,

Welcome to Seaside! This new **Seaside Visitor Guide** has been put together just for you! Seaside, the Pacific Northwest's ocean beach playground, is the perfect place for a fun-filled weekend or a complete vacation for the whole family. You will find inside this guide much information about our community and our surrounding area. Why not extend your vacation an extra day or two, and enjoy the outstanding North Coast and all it has to offer? There is plenty to do and something for everyone at the beach or in town.

Here in Seaside you'll find the famous **Seaside Turnaround** at the west end of Broadway. This is the historic end of the Lewis & Clark trail. You'll find a **sandy beach** and an **oceanside promenade** two miles long, perfect for strolling, bicycling, and people watching. Of course, a walk back down **Broadway** with its many shops, eateries, and amusements is a must.

Seaside has a year-round schedule of **Annual Events** that you won't want to miss. Whether it is the Christmas Gift Fair, Seaside...and All That Jazz, or the Miss Oregon Pageant, you are bound to find something you really like. See *pages 4 and 5* for all the details!

Seaside's history is fun to learn about. Visitors have been coming to the coast for a century of summers, and of course many of them brought cameras and took pictures. Starting on *page 6-7* is information on the **History of the Seaside Area**.

Seaside is for family fun. All ages like the beach, the arcades, mini-malls, and bumper cars. Your family and friends can feed the playful seals and look at the wonders of marine life at the Seaside Aquarium. You can even pedal around town in a colorful surrey with the fringe on top. In the heart of the city along the Necanicum River, Quatat Marine Park is a gathering place where you can watch the bumper boats and water bikes from the park's deck or ride them yourself. Information on **Family Activities** starts on *page 8*.

Seaside has many **In Town Activities** to offer which include shopping on Broadway or in the commercial districts on Holladay Drive and on Roosevelt (Highway 101). This city of approximately 5400 people has antique shops & galleries, a fine public library, a museum, places to play bingo, and outstanding services of all kinds. For more information, turn to *page 9*.

The Seaside area is a great place for doing things outside, including bicycling, fishing, hiking, walking and whalewatching. For more information about being **Outdoors on the Coast**, turn to *page 10*.

photo Linda Thoenes

You and your family members and friends can participate in sports in Seaside or you can just watch. Play volleyball, fly a kite, jog on the sand, run in a marathon, or ride beach trikes. These are just some of the choices. For **Fun on the Beach**, see *page 14*.

The "**Million Dollar Walk**" on Broadway starting on *page 17* highlights many of the Seaside Broadway merchants and the options you have for browsing, eating and entertainment.

If you can stay over a little longer in Seaside, why not use the city as home base for a short trip on the coast north or south? See *pages 20-21* for details of the **North of Seaside Tour** and the **South of Seaside Tour** suggestions.

You can find the **Map of the City of Seaside** on *pages 22-23*.

The newly-refurbished **Seaside Civic and Convention Center** is the location for many exciting activities in Seaside. Conventions, dances, and annual events all occur here. To find out what this ideal facility on the Necanicum River offers for you and your friends, turn to *page 24*.

Restaurants, Taverns, & Lounges are listed in an informative guide on *page 26*. There is information here to help you find where you would like to eat, whether it is a dinner house, casual dining, or a deli or fast food. Night life in Seaside, often with live music, happens in the taverns & lounges. Look here for a spot that you might want to go.

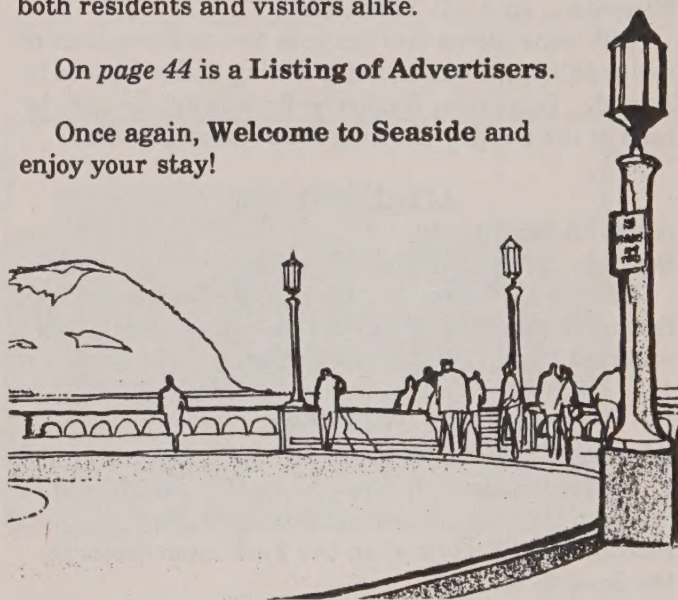

For the listing of **Overnight Accommodations** with descriptions of what is offered and the rate range, turn to *page 28*. Options include ocean front, ocean view, near the beach, bed & breakfast, vacation house rentals, and campgrounds and R.V. parks.

A categorized **Business & Services Directory** of Seaside Chamber of Commerce members begins on *page 30*. Find what you are looking for here the easy way during your stay here in Seaside.

For an overall look at our community, see *pages 42-43* for the **Community Profile of Seaside**. Here are details about what this community has to offer for both residents and visitors alike.

On *page 44* is a **Listing of Advertisers**.

Once again, **Welcome to Seaside** and enjoy your stay!

Annual Events

The coastal resort city of Seaside provides a **year-round schedule of events** that are enjoyable and appropriate for the entire family. Whether you are participating or onlooking as a spectator, there is always something to do!

History of the Seaside Area

Myths of a "Northwest Passage," an easy ocean route through the Americas to the Far East, created early interest in the Northwest Territories. Indian legends told of a "Great River of the West" and many countries sent men to explore the region. Bruno Heceta from Spain joined James Cook and John Meares from England and explorers from France, Russia, and other maritime nations in search of this river. It was an American merchant, however, who discovered it for his young republic in 1792.

Captain Robert Gray sailed his ship, the "Columbia Rediviva," between Point Adams, Oregon and Cape Disappointment, Washington, to find the entrance to the mighty Columbia River and claim the area for America. Disputes over control of the land continued for decades between Britain, Spain, Russia, and America.

Thomas Jefferson, however, gave the American claim to the territory new strength when he commissioned an expedition to travel to the Pacific Ocean to find if a "Northwest Passage" existed. Meriwether Lewis and William Clark left St. Louis, Missouri in May of 1804 to explore the Missouri River to its source. They also were to establish the most direct land route to the Pacific, make scientific and geographic observations, and learn what they could about the Indian tribes that they would encounter.

After traveling 18 months and over 4,000 miles, the expedition reached its final destination in Clatsop County and spent the winter of 1805-06 at Fort Clatsop. The journal of the expedition recorded that it rained every day but 12 of the 106 days they spent there. The men used their time hunting game, fishing, and preparing for their return trip in the spring. Salt was an important commodity to the explorers for preserving food. The Winter Camp of the expedition was set up at Fort Clatsop, located in what is now Warrenton. Three of the expedition's men spent part of the winter near present-day Seaside, making salt from saltwater. The site is commemorated as the **Lewis & Clark Salt Cairn**, located at Lewis & Clark Way (south of Avenue N and one block east of the Prom). A party of men also made a trek to Ecola Head, near Cannon Beach, to buy oil of a beached whale from the local Indians.

By the time the men returned to St. Louis in September of 1806, they had traveled over 8,000 miles, established cordial relations with dozens of Indian tribes, accurately mapped the regions they traveled through, and cataloged new species of plants and animals in journals -- a very successful journey.

Once the area had been opened by explorers, it was the plentiful supply of beaver that drew trappers and fur trading companies to the region. Astoria, on the Columbia River, was settled by one such company, that of John Jacob Astor.

The Oregon Trail brought many settlers to the Oregon Territory, and it was farming, logging, and fishing that brought many of them to Clatsop County to live. By 1860, the population of the county stood at 498 and swelled to 7,222 in the next 20 years.

The first structure in Seaside, the Summer House, was built by the widow of a Hudson's Bay Company river pilot. This inn did a brisk business, housing people who were heading south to settle in other areas. The inn was the precursor to a long Seaside tradition of hostelry. In 1873, Ben Holladay built his Seaside House, the second in a long line of hotels that now number 45.

The **Tillamook Lighthouse**, 1 1/4 miles out in the ocean from Tillamook Head, was built in 1881. It served as a beacon warning for the mouth of the Columbia River until it was decommissioned in 1957. Today it is used as a columbarium, a final resting place for those who loved or worked the ocean.

Seaside residents have always been proud of their city and continue to provide visitors with all the necessary amenities and a warm welcome. In 1920, a mile and a half long concrete boardwalk was constructed parallel to the beach. **The Prom** (short for Promenade), is the place to walk or bicycle, watch people, and view the ocean and beach activities.

Seaside is officially designated as the end of the Lewis and Clark Trail. A memorial site has been developed, commemorating this unique historical spot. **The Turnaround**, at the west end of Broadway and in the center of the Prom, allows visitors a panoramic view of Tillamook Head and the Pacific Ocean from their automobile. The new **Lewis & Clark bronze sculpture** faces the ocean from the center of the Turnaround.

Seaside's nearest neighbor city is **Gearhart**. Although Gearhart is also a beachside resort, it offers its own unique atmosphere. Lying just north of Seaside, Gearhart traces its beginnings back to 1890 when Marshall Kinney bought a parcel of land from settler Phillip Gearhart and built the Gearhart Hotel. Travelers mostly came by train from Portland to the coast in those days. Other hotels soon followed, but most were destroyed by a series of fires.

Gearhart is largely private housing and summer homes, with small commercial districts in the center of town and along Highway 101. The city boasts the state's first golf course and also has a long stretch of beach perfect for private reflections. An ideal representative of a sleepy little town, Gearhart is extra special.

For visitors who are interested in more history of this area, the **Seaside Museum** is the place to go. The museum presents a complete picture of the development of the Seaside area from its prehistoric days as an Indian settlement through its development into a beachfront resort city. The restored Butterfield Cottage is an example of beach cottages from the 1890's. The museum is open from 1 to 4 pm daily in the summer, and is also open in the winter. Large groups can arrange tours by calling the Seaside Historical Society at 738-7065. A modest admission fee is charged -- \$1 for adults and 50 cents for children under 16. The museum exhibits of early Seaside include old logging implements, household furnishings and rare old photographs, as well as Indian artifacts excavated from nearby sites in the 1970s by archaeologists from the Smithsonian Institution.

Historical re-enactments happen from Memorial Day through Labor Day at Ft. Clatsop. In July and August, the Lewis & Clark Historical Drama is staged by the Neawanna River in Seaside. Ft. Stevens puts on Civil War demonstrations on Labor Day Weekend.

Family Activities

Seaside is a fun place for the whole family. Here are some activities to choose from during your stay here at Oregon's ocean playground.

AERIAL FLIGHT

Ever wondered what the coastline looks like from an airplane? You don't have to wonder any more. You can have that aerial view of the North Coast by taking a flight out of Warrenton.

AQUARIUM

The Seaside Aquarium, located on the North Prom between 2nd and 3rd St., is a well-known Seaside landmark. Here you can learn about the exciting and fascinating world under the sea. You can feed the seals by buying some fish to give them!

BOWLING

Both league and open bowling are available in Gearhart, two miles from downtown Seaside. Strike!

CAROUSEL

This historical Carousel is located in the Seaside Town Center Mall at 300 Broadway. The Carousel has ostriches, pigs, rabbits and other frolicking animals to ride. The sparkling mirrors reflect over 700 lights.

THE PROM

On the Prom, the whole family can watch what is going on, ride bicycles, walk, or even roller skate!

VIDEOS

Everyone loves to see a movie after a fun day of being on the beach or in town. You can rent videos at several locations in town.

Even the youngest ones can play the arcade.

AMUSEMENT AND ARCADES

All ages can enjoy the excitement and fun of the amusement rides found along Broadway, like the bumper cars and tilt-a-whirl. There are games to play of all kinds--skee ball, shooting galleries, video arcades, and miniature golf. There are miniature golf and go-carts at the Cannon Beach Junction. Towards the junction, on Highway 101 there are also go-carts, bumper boats, and miniature golf.

In Town Activities

In town, there are many activities that may be of interest to you. Here are some things to choose from.

ANTIQUES & GALLERIES

The Seaside and Gearhart area has many fine antique stores and several galleries. You can find collectibles to Oriental fine art here at the coast. Comb the past and enjoy every minute of it by touring these shops and establishments. If you are looking for something particular, our merchants may be able to find it for you. From furniture pieces to the smallest jewelry to nautical treasures, there are many fine things to be found to liven up your home.

BINGO

Bingo is played on a regular basis at associations in Seaside. Call to find out if your favorite association has a game tonight!

LIBRARY

Seaside's public library is stocked with children's books, magazines, and a fine selection of contemporary and classical reading. Reference materials are also available for public use.

MUSEUM

The Seaside Museum tells the story of the city through pictures, artifacts and displays. See the History article on pages 6-7 for more information.

SERVICES

There are many professionals to serve you at the coast. Do you need a bank or real estate agent? How about a hospital, clinic, or a chiropractor? Find all the services you need by referring to the Business & Services Directory which starts on page 30.

Outdoors on the Coast

There is plenty to do outside for your family and friends. Whether you are just out for some sport for the afternoon or if your whole vacation is outside this is the place to be.

BICYCLING

You can enjoy the area's scenic beauty by riding the historic Prom, the Pacific Coast Bike Trail, or the 8.5-mile bike trail at Fort Stevens State Park. Try something new by renting a tri-bike to ride on the beach or a surrey bike through town.

BOATING

Pleasure boating includes sailing on the Columbia River, lake or river boating or canoeing, and paddleboating at Quatat Marine Park on the Necanicum River in the center of town. It's your choice!

CHARTER BOATS & CRUISES

Seaside does not have a marina. You can travel North or South to these locations for charter fishing or cruising: South to Garibaldi or Depoe Bay, North to Warrenton or Ilwaco Washington.

CRABBING

Try your hand at catching crab on the 12th Avenue bridge over the Necanicum River or from a boat on the Columbia River or Pacific Ocean. Keepers have to be a minimum size and be the male crabs.

FISHING

Whether you like to fish in the surf, the river, the ocean, or in lakes, there are numerous opportunities to land a good catch. A license is required for surf fishing, and a vacation angler's license is required for other fishing. See "Fishing in Clatsop County Lakes" on page 11 for more details. Fishing equipment, information, and licenses may be obtained locally.

GOLF

Four locations provide golf enthusiasts with opportunities for fresh air and exercise, on either 9 or 18 hole courses.

HIKING

There is a hiking trail for everyone in the Seaside area. These range in difficulty from a leisurely stroll on the Prom to the hikes listed in "Hiking Near Seaside" on page 12. Have fun!

HORSEBACK RIDING

Enjoy the beauty of the area on horseback. Seasonal trail and beach riding for the adventurous can be found near Cannon Beach Junction. Beach rides must usually be arranged.

ROLLER SKATING

You can rent a pair of roller skates or roller blades and tour the area in a unique way.

TENNIS

Tennis courts are located at Broadway School, 1120 Broadway; Seaside High School, 1901 N. Holladay; and 6th Street and Marion in Gearhart.

WALKING

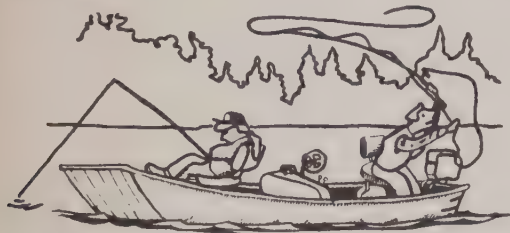

Local beaches, Quatat Marine Park, lots of sidewalks, and the Promenade provide many safe areas for short or long walks. Volkswalkers also have lots of walking space here.

WATER SKIING

Cullaby Lake, south of Warrenton, is a favorite of water skiers and has a boat ramp for easy launching. Equipment is available in Seaside.

WHALEWATCHING

Migrating gray whales can be seen going south in December and January and heading north in March and April with their new young. Occasionally orca and killer whales are also sighted close to the shoreline. Whales are most easily identified when spouting, which they do several times. Then they dive for 4-5 minutes, and spout again. Representatives from the OSU Mark Hatfield Marine Science Center come to Ecola State Park and Ft. Stevens State Park during the migrations.

'Fishing in Clatsop County Lakes'

Fishing is a great sport in Clatsop County. Mighty **Chinook salmon**, **silver salmon**, and **steelhead** are three reasons the Clatsop area is one of the top sport fishing centers in Oregon. Toss in some good **trout** angling, **bass**, **crappie**, and other pan fish, prehistoric **sturgeon**, and a variety of **surf fish** and you have a sport fishing combination hard to equal. The angler has a wide choice of fishing waters from which to choose. From the great Columbia River to quiet ponds and lakes, mountain streams and surf of the coastline, they all offer a challenge to those fishing.

For fishing in the Columbia River, charters are available at Astoria, Warrenton and Hammond. Boat rentals and other accommodations are also provided at several lakes. Many streams and lakes are fished mainly from the stream bank or along the beach. Angling licenses may be obtained for a day, week, or season from the sporting goods stores.

CREEP & CRAWL LAKE

13 acres, near Coffenburg Lake in Fort Stevens State Park. Boat launching available. Bank angling difficult. **Warm water game fish**. Best fishing in spring and early summer on lures, flies, and bait.

COFFENBURY LAKE

50 acres, west of Warrenton in Fort Stevens State Park. Fisherman's trail completely around lake. Boat launching, camping, **cutthroat trout**, **bass**, **yellow perch**. Best fishing in spring and early summer on lures, flies, and bait.

CRABAPPLE LAKE

22.6 acres, in Fort Stevens State Park. Boat launching available. Bank fishing. Good **bass** angling with lures and flies in spring, summer, and fall.

BURKE'S LAKE

6.3 acres, west of Warrenton near Ridge Road. Access by trail from Ridge road. **Largemouth bass**. Angling fair all year on lures and flies, best in August and September.

WILD ACE LAKE

12 acres, near Ridge Road, northwest of Cemetery Lake. Lake surrounded by private property, permission required to gain access to the lake. All year angling. Best in spring, summer and fall. **Largemouth bass**, **crappie**, **bluegill**, **warmouth**, and **yellow perch**.

CEMETERY LAKE

10.3 acres, near Warrenton, west of Hwy. 101, adjacent to Ridge Road. Access by foot through cemetery. **Largemouth bass**, **crappie**, **bluegill**, **yellow perch**. Summer angling best.

SMITH LAKE

41.2 acres, near Warrenton, west of Hwy 101, adjacent to Ridge Road. Boat launching from road fill at north end of lake. Angling good at all seasons for **largemouth bass**, **crappie**, **bluegill**, **yellow perch**, **bullhead**. Suggest you acquire permission from property owners.

CULLABY LAKE

200 acres, one mile east of Hwy. 101 about 7 miles north of Seaside. County park, boat launching. Angling fair to good all season. **Largemouth bass**, **crappie**, **bluegill**, **yellow perch**, **bullhead**.

WEST LAKE

31.5 acres. Long, narrow lake with access off Hwy. 101 north of west Dellmoor Road, or at county road crossing. Lake surrounded by private property. Permission required to gain access for bank fishing. Angling fair all season. **Largemouth bass**, **bluegill**, **crappie**.

SUNSET LAKE (NEACOXIE)

175 acres, west of Hwy 101 with turnoff at Astoria Golf & Country Club. County landing, boat ramp, bank fishing. **Largemouth bass**, **crappie**, **bullhead**, **yellow perch**. Angling fair to good all season. Stocked with **cutthroat**. Angling good June and July.

LOST LAKE (ELSIE AREA)

12 acres, 9 1/2 miles south of Elsie off the lower Nehalem Road. Boat launching. **Cutthroat trout**. Angling good June, July, and October. Flies, single eggs, worms.

LOST LAKE (WESTPORT AREA)

One acre, about one mile south of Westport. Stocked with **cutthroat trout**. Bank angling only. Angling fair to good June and July.

"Hiking Near Seaside"

There are numerous hiking trails in Clatsop and Tillamook counties. Many of them are designated trails, but some just take off into the woods along meandering rivers and creeks. Some of the major ones start at state parks and make loops back into the forest, sometime following headlands which jut into the ocean. Others climb steep mountains providing a startling panorama of the scenic Coast Mountain Range and the ocean.

Here is a list of major hiking trails in the Clatsop-Tillamook counties area.

SADDLE MOUNTAIN TRAIL

A one-day hike. **Three miles each way.** Highest point is 3,238 feet. Allow 1 1/2 to 2 hours one way. Usually open March to December. Travel to Saddle Mountain, the highest peak in the northern Coast Range, by taking Highway 26 to a point 14 miles east of Seaside.

TILLAMOOK HEAD TRAIL

A one-day hike. **Six miles each way.** Highest point along the trail is 1,200 feet. Allow three hours one way. Usually open all year. The Tillamook Head trail traverses a cape jutting out into the sea between Seaside and Cannon Beach near Ecola State Park.

NEAH-KAH-NIE MOUNTAIN TRAIL

A one-day hike. **One mile each way.** Highest point along the trail is 1,631 feet. Allow one hour one way. Usually open all year. Travel to Neah-Kah-Nie Mountain trail by taking Hwy. 101 south to a point 2.6 miles south of the Short Sand Beach parking area.

CAPE FALCON TRAIL

A one day hike. **Two miles each way.** Highest point is 300 feet. Allow 1 to 1 1/2 hours one way. Usually open all year. Travel to the Cape Falcon trail by taking Highway 101 south to Oswald West State Park about halfway between Seaside and Tillamook.

CAPE LOOKOUT TRAIL

A one-day hike. **Two and one-half miles one way.** Highest point is 830 feet. Allow 1 1/2 to 2 hours one way. Open all year. The Cape Lookout trail follows a peninsula which juts out into the sea south of Tillamook.

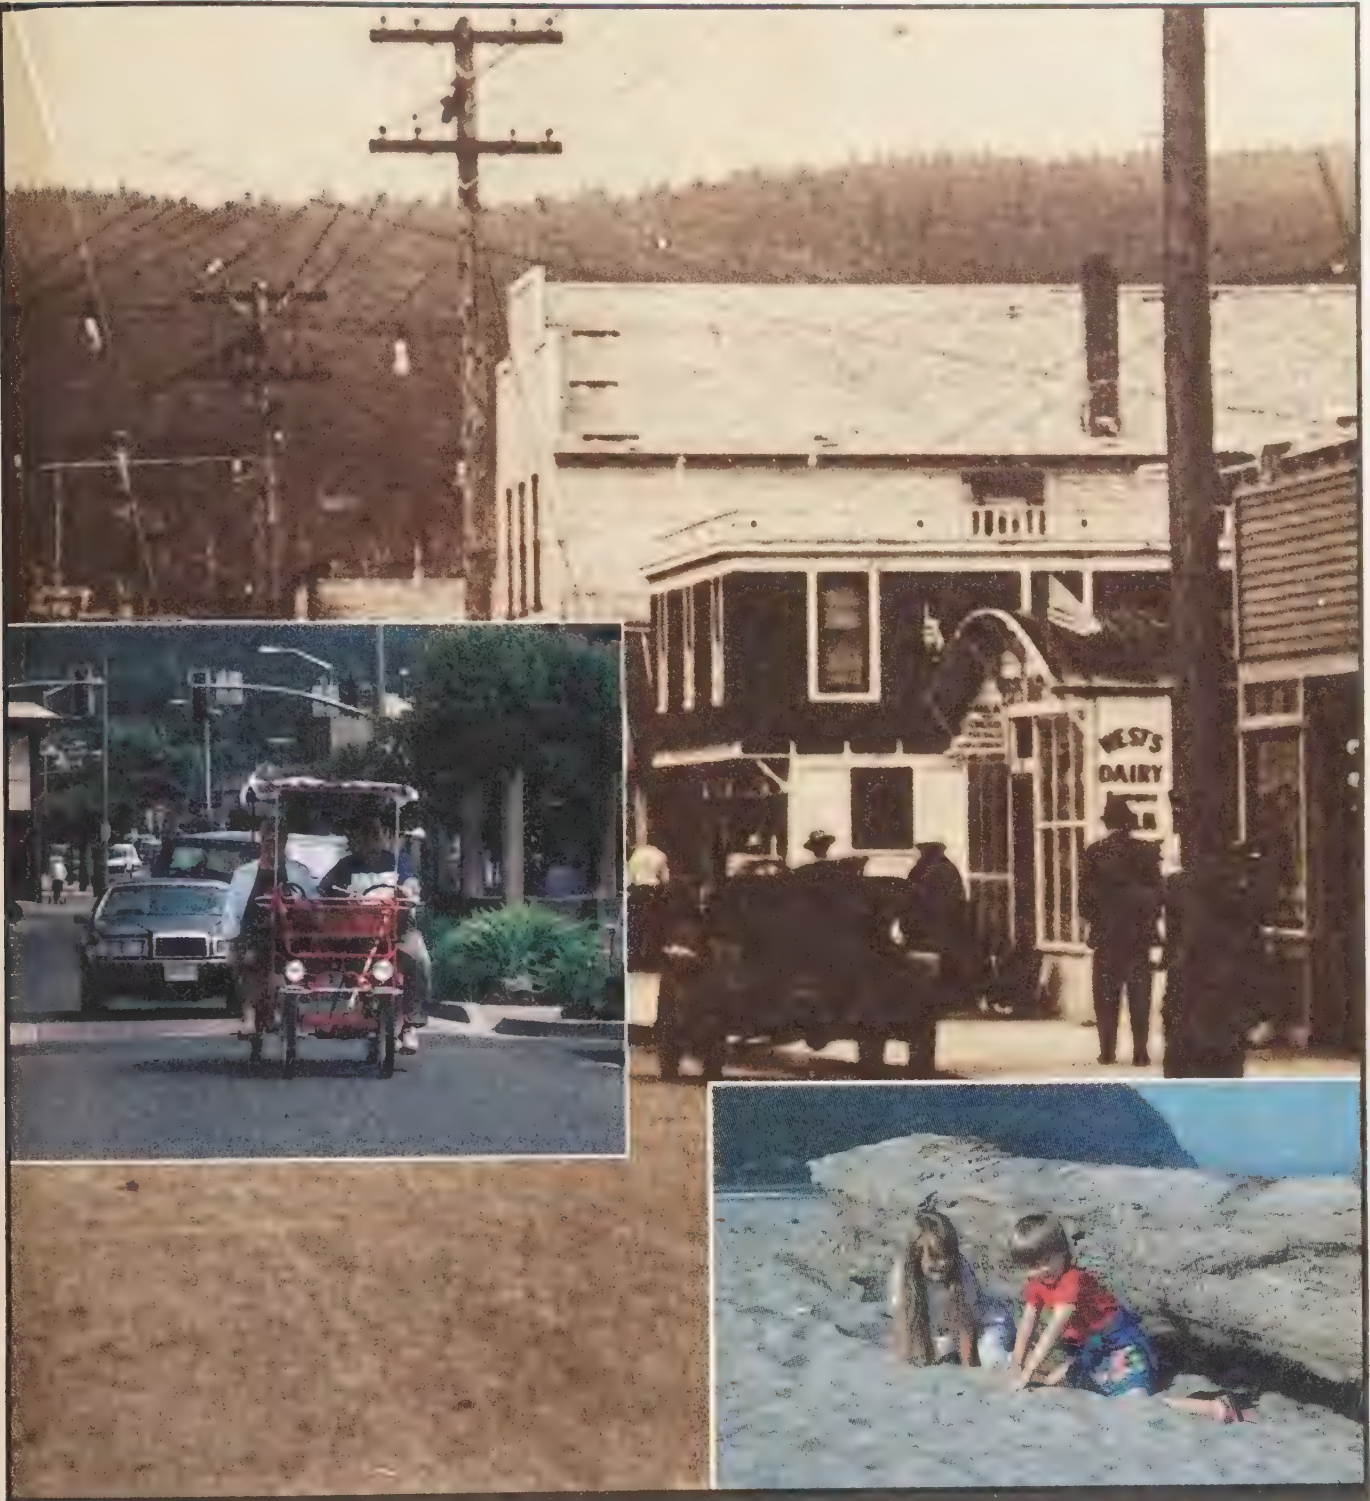

CASCADE HEAD TRAIL

A one-day hike. **Two miles each way.** Highest point along the trail is 600 feet. Allow 1 1/2 hours one way. Open all year. Travel to Cascade Head trail by taking Hwy. 101 south to the Three Rocks road just north of Salmon River in Tillamook County.

KINGS MOUNTAIN TRAIL

A one-day hike. **Two and one-half miles each way.** Highest point is 3,226 feet. Open March to December. Travel to the Kings Mountain trail by taking the Wilson River Highway east to Lees Camp junction and an unmarked logging road on the north side of the highway.

Seaside . . . A Century of Summers

WHERE GOOD THINGS ARE ALWAYS HAPPENING!

Fun on the Beach

Seaside's beach of fine sand is the ideal playground. People of all ages enjoy all it has to offer. Here are some ways to have fun on the beach.

BEACHCOMBING

The best time to go beachcombing is right after a high tide or early in the morning after a storm, before many people are on the beach.

BEACH TRIKES

Why not pair up and ride beach trikes for an hour on the beach? Beach trike rentals are available in town for a reasonable fee. Check your tide book for low tide levels.

CLAMMING

Clam digging is something everyone should try. Minus tides are best for digging. Clam season is closed during the summer from July 15 to September 1. A license is not needed to dig clams. Rental shovels are available in town.

Beach trikes are a fun way to enjoy the beach.

FEEDING THE SEAGULLS

The Western seagull is the most common of the sea birds on this coast. Bring some food to share with these feathered friends and watch their reactions. It's better than watching TV.

Fishing at the cove is a relaxing way to spend the day.

KITEFLYING

Kite flying is one of the favorite pastimes at the beach. Kites of various shapes, sizes, and colors, are available for sale at several kite shops in town. They can also advise you about flying stunt kites and other varieties.

RUNNING

If running is your usual workout, the beach is the perfect place to do it. You can choose between the harder wet sand closest to the water or softer sand at a distance.

SURFING

Surfing equipment including wetsuits, fins, boogie boards, and surfboards are available in town for rent or for sale. Remember, surfing with a buddy is the safest way to enjoy the waves.

Volleyball is a festive sport when played on the sand.

SWIMMING

Wading in the surf is great, but the water is cold (usually about 58 degrees) Beware of "Sneaker Waves" and sharp objects. Seaside has lifeguard protection during the summer season. Use caution at all times. If you are caught in a rip tide, swim parallel to the shore to get out of it. Even strong swimmers cannot outswim a rip tide. Swimming is recommended at the **Sunset Empire Parks & Recreation** public indoor swimming pool at 1140 Broadway. There is a small fee.

VOLLEYBALL

What could be more fun than a rousing game at the beach? It's the barefoot sport at its best. Team up any way you like and go for it. Don't miss the Volleyball Tournament on the beach in August.

WINDSURFING

This relatively new sport is becoming a favorite on Young's Bay (at the south end of Astoria) and at the Cove in Seaside.

"Million Dollar Walk" on Broadway

Take a "Million Dollar Walk" down Seaside's main street--**Broadway**! In 1982, Seaside residents banded together to renovate and beautify the downtown shopping area. Broadway was landscaped and several lateral streets were converted into walkways.

Families find fun for everyone on the "Million Dollar Walk." You can join the strolling people savoring the odors of baked goods, candies, and coffee. Shopping is fun whether you are choosing from the wide assortment of gifts, or collecting beach souvenirs to take home with you. You may find that special piece of artwork, fashionable or casual clothes, and

shoes for every occasion. Drugstore and variety items, and even novelty telephones, are also available here.

You can ride a ride, buy a kite to fly, or stay overnight in a room facing the beach. Enjoy breakfast, lunch or dinner on Broadway at one of the several restaurants or place your order at a deli counter. Stay late and enjoy live music in a comfortable lounge.

At the east end of Broadway, you can go swimming in an indoor swimming pool or use the skate park behind the pool. Services on Broadway include the electrical company, and the Chamber of Commerce Visitor Bureau. Drop in for all the information you need about the Seaside area.

Locate on the map on the following two pages just what you are looking for on your visit to Broadway. There are many merchants here to serve you and help you have a pleasant time!

North of Seaside Tour

There are many sights to see and things to do North of Seaside in Clatsop County. A day trip north on Highway 101 is the perfect way to enjoy the North Coast. Below are several options which may be of interest to you.

CULLABY LAKE PARK

Cullaby Lake Park is a county park that has fine facilities for picnicking, fishing, swimming, and water skiing. Families enjoy this lake on a regular basis.

PIONEER PRESBYTERIAN CHURCH

About seven miles north of Seaside on Highway 101, the **Pioneer Presbyterian Church** marks the site of the first Protestant Church west of the Rockies, begun in 1834. In the Spring, watch for the daffodils.

FORT STEVENS STATE PARK

This is the largest state park in the State of Oregon. There are many things to see and do here, including fishing, hiking, bicycling, camping, and sightseeing. On Clatsop Beach is the wreck of the **Peter Iredale**. This 287-foot long, four-masted sailing ship ran aground on October 25, 1906. Part of the rusted, barnacle-clad iron skeleton of the hull is all that remains. **Fort Stevens Military Reservation** now deactivated, is made up of about thirty different batteries, buildings, stations, etc. The **Historical Area and Museum** is open for visitors to explore the concrete gun batteries and see the museum with its many artifacts. A movie of the original guns being fired is also shown at the museum.

ASTORIA -- HISTORICAL LEGACY

Astoria is the northernmost city in Oregon on Highway 101 and fronts the Columbia River. The **Astoria Column**, 125 feet atop Coxcomb Hill, commemorates the history of the area since Captain Robert Gray sailed up the river in 1792. Steps, 166 in all, lead to the top of the column and a panoramic view of the Columbia River. The **Flavel Mansion Historical Museum** in downtown Astoria is a fine example of Victorian architecture built by Captain George Flavel in 1883. It houses a collection of period exhibits. The **Columbia River Maritime Museum**, located at 17th Street and Marine Drive has one of the finest and most extensive maritime collections in the Pacific Northwest. Visitors can view passing ships through operating submarine periscopes, or stand at the wheel in a Columbia River steamboat pilot house. A self-guided tour of the lightship "Columbia" is included in the price of admission. This sea-going lighthouse was stationed at the mouth of the Columbia River for 28 years.

FORT CLATSOP NATIONAL MEMORIAL

Located west of Highway 101 in Warrenton, **Fort Clatsop** was built as winter quarters in 1805 by the Lewis & Clark Expedition. It was here that all the information gathered on the journey west was compiled during a very wet winter. The fort was reconstructed as close to its original location as possible. Park rangers dress in handmade buckskins and give "Living History" demonstrations in the summer. A visitor center in the park contains artifacts.

South of Seaside Tour

South of Seaside on Highway 101 are several communities and State Parks. A day trip south could take you to any of these interesting locations and still be back in time for dinner in Seaside.

CANNON BEACH

Cannon Beach is an all round resort on a nine mile stretch of wide picturesque beach. Many vacation facilities and interesting shops can be found. Horseback riding is available during the summer. **Haystack Rock**, located here, is a noted Oregon landmark. It is a protected wildlife sanctuary for nesting birds and tidal marine life.

Tolovana Park, in the southern part of Cannon Beach, has a pleasant beach wayside. **Arch Cape** is a little further south. These two areas are restful and relaxing beach areas nestled between the ocean and the Coast Range.

OREGON STATE PARKS

Ecola State Park, on the north end of Cannon Beach, is a day use park with a panoramic view of the coast. Scenic offshore rocks are seasonal resting places for sea lions and shorebirds. **Oswald West State Park**, on an outstanding coastal headland, has a remnant rain forest with massive spruce and cedar trees. It has 36 primitive campsites, accessible by a one-quarter mile hiking trail. The park includes picnicking, fishing, and beach access. **Nehalem Bay State Park** has 292 improved campsites. Ocean beach picnicking, fishing, boating (handicapped-accessible) are all included.

NEAH-KAH-NIE MOUNTAIN VIEWPOINT

Neah-kah-nie Mountain rises 1,700 feet above the pounding surf. On a clear day, visitors can see 30 miles down the coast or watch migrating gray whales (December-January and March-April). This is one of the most photographed views on the Oregon coast.

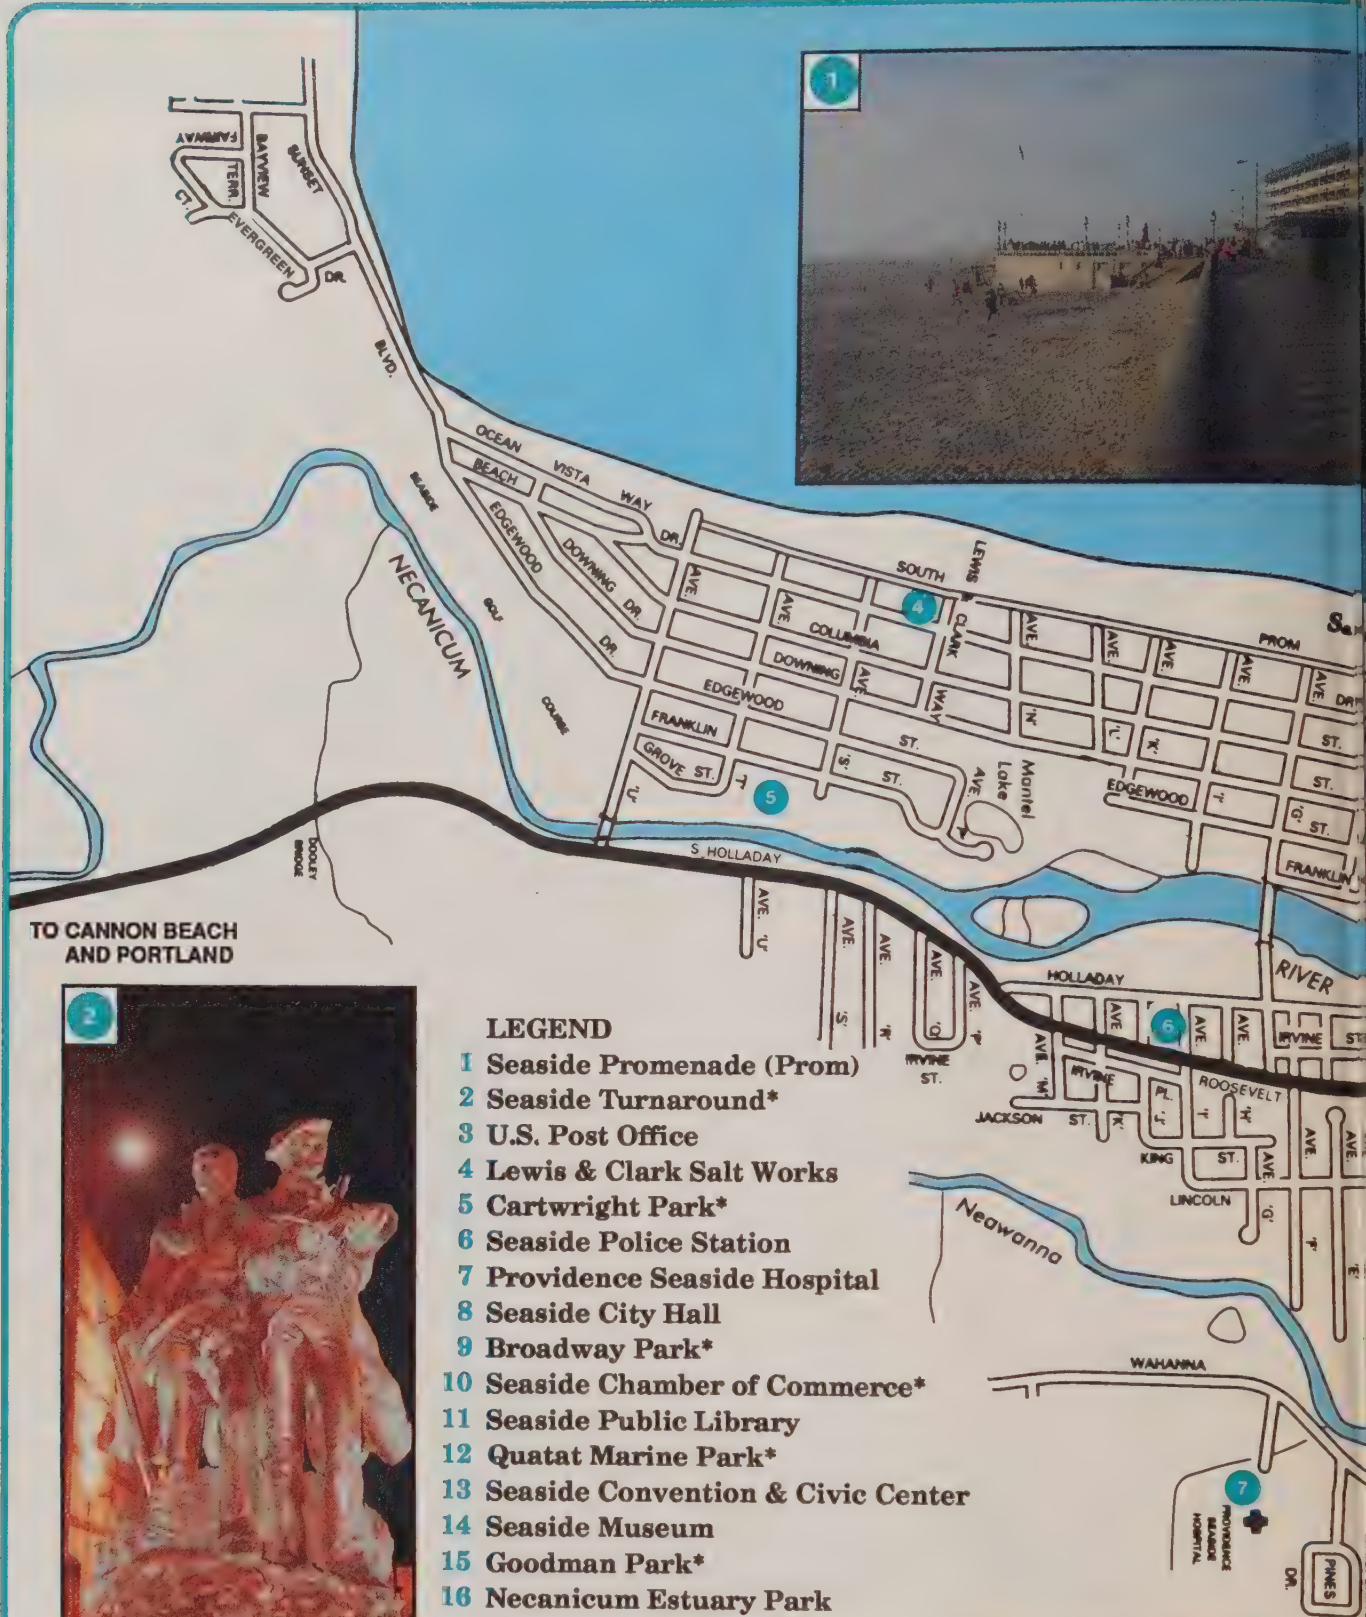

MANZANITA

Manzanita is a small coastal community with seven miles of fine sandy beaches, and is becoming a popular spot for windsurfers.

ENJOY CHEESE, FOOD, AND WINE TOURS, OR TAKE A TRAIN RIDE

As you travel south down the coast, cheese, wine, and food tours are available along the way. Take a scenic 25 mile trip by train from Wheeler to Tillamook on the **Coastline Express**. The **Tillamook Cheese Factory** is the home of world famous Tillamook cheese. The factory has a viewing area where visitors can watch and learn about the cheesemaking process. Brochures for both of these attractions are available at the Seaside Chamber of Commerce.

Seaside Civic & Convention Center

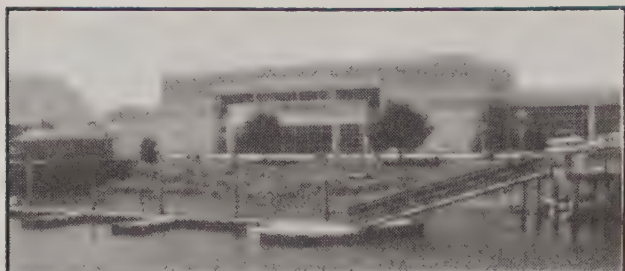

Photo: Linda Thorman

The Convention Center is located on the Necanicum River.

Why do organizations throughout the Pacific Northwest continue to select the **Seaside Convention Center** for their conventions? Perhaps it's our ability to respond to your needs in a prompt and efficient manner. Perhaps our catering staff with its ability to create...just for you...any food function from casual to elegant. Then again it could be our staff of professionals ready to make sure each session runs like clockwork exactly as you specify. Or it may be all of the above, plus the free parking you find throughout Seaside.

Do you like to walk on the beach or stroll on a two-mile long promenade? How about riding the bumper cars or strolling along clean streets while you enjoy eating candied apples, corn dogs, fudge, saltwater taffy or caramel corn? From fresh seafood to other culinary delights, you'll find that Seaside has it all. It's a place for all seasons, from wild windy storms to laid-back sunny days.

The Seaside Convention Center has recently added over 22,000 sq. ft. to our building. In addition to our 10,500 sq. ft. main hall and 4,800 sq. ft. exhibit hall, there are now **14 breakout rooms**. Our **4,000 sq. ft. kitchen** can provide any food service you desire. The kitchen has been operated by the same people for twenty years...a true measure of success and quality.

Equipment that is furnished with rental fees includes the following: in-house sound and lighting systems, microphones, tables, padded chairs, lecterns, podium, blackboard and easels.

TRANSPORTATION:

MARINE: Clatsop County is bordered by the Columbia River on the North and the Pacific Ocean on the West. The Columbia River channel is maintained by the U.S. Army Corps of Engineers which dredges to a depth of 40 feet upriver to Portland, a distance of 100 miles.

There is a fleet of 36 charter boats in the Astoria-Warrenton-Hammond area and three towboat companies. Barge transportation extends from Astoria upriver to Lewiston, Idaho.

The Port of Astoria ships logs to Pacific Rim nations and has a growing bulk cargo trade. Safe passage over the Columbia River Bar and to Portland is provided by bar and river pilots.

RAILROAD: Burlington Railroad serves Clatsop County with a single line track to Portland. Currently, there is no rail service on the north side of the Columbia River or traveling south from Astoria.

HIGHWAYS: Three federal highways converge in Clatsop County: U.S. 101, U.S. 30 and U.S. 26. All are two lanes. Connection with the interstate system (I-5) is at Longview, Washington, 50 miles away.

BUS LINES: Raz Bus Lines has twice daily service to and from Portland to Seaside, Warrenton, and Astoria. Connection to either the Trailways or the Greyhound system is in Portland. North Coast Transit runs between Seaside and Astoria daily. There is a Senior Citizens' bus service in each city. Pacific Transit operates between Astoria and the Long Beach, Washington, peninsula.

AIRPORTS: Seaside has an airport used primarily by small private aircraft. A general aviation airport in Astoria operated by the Port of Astoria has charters, scenic flights, and flight instruction. Portland International Airport is 79 miles away (127 km).

TRUCKING: There are seven freight carriers serving the area. United Parcel Service has a terminal in Warrenton. Allied Van Lines has an agent in Astoria. Federal Express, Pony Express, and Western Union all serve the area.

TAX RATE:

The consolidated property tax rate was \$18.84 per \$1,000 of assessed value in 1991-92.
